Several comments were made.

Public Comment: None

Old Business:

1. Master Plan Review: Chair Hassberger began by discussing whether the master plan needs to be started from scratch or by revising the current one. Everyone agreed that there is no need to start from scratch. They reviewed what was done most recently in 2017 and McCaslin explained how the commission then could not complete their work due to the inability to finalize the document in a professional-looking manner. This would include retyping and formatting the new plan, including color tables, charts, maps, images, binding, etc.

Bridges asked about the existence of a Parks and Recreation Plan. This will be visited after the Master Plan is updated and completed.

Bridges suggested finding out if there are college students that could work on this project. McCaslin said that MSU might prove to be a good source.

There was a discussion of the survey done in 2017-18. They decided it would not be worthwhile to do another one.

It was decided that Tobin will make copies of the Master Plan, including notes and revisions from 2017 and distribute them to the members next week. Each member will review the plan and come to the May meeting ready to make revisions. Chair Hassberger will have statistics up to date

McCaslin reminded the commission that all utilities and adjacent townships must be informed that the Master Plan is being revised.

New Business: None

Announcements: Next Regular Meeting will be Tuesday, May 10, at 7:00 pm.

Motion by Bridges to adjourn the meeting; seconded by McCaslin. Motion passed with all in favor. Meeting adjourned at 7:50 p.m.

Respectfully Submitted,

Gary Szczepanski, Secretary
