Public Comment: None

Old Business:
1. Updating Master Plan progress: Chair Blaisdell reported that 178 surveys have been returned during May according to Wade Trim. There was discussion about how to better publicize that the survey is available.

New Business:
1. Presentation: The purchaser of the property at 94 W. Arthur Rd., Greg Ridenour, gave a presentation on his proposal to build frost-free, climate controlled storage units on the property. It is currently zoned as C-1(Local Commercial), but the current zoning does not allow for the type of business he is proposing. There are also deed restrictions on the property which limit the future uses of the property. He is asking the Planning Commission to consider a change in zoning and then provide him with a letter stating that his project would meet with zoning and be allowed as planned. This letter would help him with final approval of the sale.

Discussion about the deed restrictions, setbacks, etc. followed as the Planning Commission members worked to get a clearer idea of the project.

McCaslin asked for clarification on the current zone, C-1 (Local Commercial). ZA Hassberger explained that the change can be done either by text definition or by changing to C-3. Another option might be to issue a conditional special use permit which possibly could be done in a timelier manner.

ZA Hassberger suggested that Mr. Ridenour should bring his site plan to the July Planning Commission meeting at which time the commission will give him a letter that will indicate to him and the seller that the commission is looking into the different options for making this type of business allowable.

Announcements: Next Regular Meeting will be Tuesday, July 11, at 7:00 pm.

Motion by Ostrowski to adjourn the meeting; seconded by Szczepanski. Motion passed with all in favor. Meeting adjourned at 7:11 p.m.

Respectfully Submitted,

Gary Szczepanski, Secretary
