1. Proposed Rental Ordinance: McCaslin addressed the fact that the public hearing scheduled for the August meeting was not held and voiced her disappointment that it had not been held. She also stated that these actions are under the Planning Commission's responsibilities and then making recommendations to the township board, not to just pass these actions on to the board without doing the work.

Szczepanski made a motion to reaffirm to have a public hearing on the rental draft at the October meeting. McCaslin seconded. Motion passed with all in favor.

2. Master Plan Review: Chair Hassberger reported on his review of the master plan and hopes to have a completed report for the Planning Commission at the October meeting.

New Business:

1. McCaslin proposed dropping any further discussions on changing the number of campers on lots. ZA Carey will be looking at certain possible changes that can be made *regarding accessory buildings*. (Italicized wording added at October 12, 2021, meeting per request of McCaslin for clarification.

After considerable research regarding two campers on one lot, I've found that very few Zoning Ordinances in Michigan allow camping on residential lots and even fewer allow more than one camper.

I've heard how White Birch is a 'Recreation Residential District'. Our ordinance states that "In the case of the R-2A District, provide opportunities for single-family and two-family residential development patterns and lifestyles of a similar character to that of the R-2 District except for an emphasis on recreation-based neighborhoods with recreational camping opportunities and the appropriate maintenance and operation thereof." As for Camping Opportunities, White Birch has a campground. In all my research I only found two other Zoning Ordinances with Recreational Residential Districts and neither one of them allow camping on lots.

As for the people's response to changing the Zoning from one to two RVs, I have 71 in favor of leaving zoning at one RV and 26 people in favor of changing to more than one.

This doesn't mean White Birch should stop, it just means I will be stepping back from the camper issue. I will continue working on temporary accessory buildings.
