ORDINANCE VIOLATION REPORT PROCEDURES

The purpose of the Ordinance Violation Report Form is to record and track possible violations of the Lincoln Township Ordinances.

The following outline describes the procedure:

A. All reports of alleged violations of Township Ordinances are referred to the appropriate township official.
B. The person making the report shall file a completed Ordinance Violation Report Form and submit it to the township.
C. Ordinance Violation Report Forms are available at the Township Hall, on the website www.lincolntwp.net , or by mail upon request.
D. An investigation of the Ordinance Violation Report shall be made by a designated representative of Lincoln Township.
E. If the person making the report wishes to be notified regarding the outcome, that person shall provide contact information on the Ordinance Violation Report Form. Within 45 days the reporting individual will receive a response from the township.

If the ordinance violation report is found to be valid the following describes the procedure:

A. If a report is found to be a valid violation of a Lincoln Township ordinance the designated representative of Lincoln Township shall contact the property owner either in person and/or by certified mail to rectify the violation by giving the property owner, in a specified amount of time, the opportunity to bring their property or activities in to compliance with the ordinance in violation.
B. The time frame to reach compliance is 15 days from the date of receipt of notification. However, the designated representative of the Township may extend that time an additional 15 days depending on the nature of the violation, and resources needed to comply.
C. After the time period given for compliance has passed and the violation remains, the designated official may initiate legal proceedings through the Township's legal counsel and/or by citation.
